Dear Bruce,

Thank you for your generous donation to Visual AIDS, and for your ongoing support over so many years! It is especially meaningful to have your continued support in our 25th year. Your donation of \$1,000.00 strengthens Visual AIDS' mission to support HIV+ artists and utilize visual art to provoke dialogue about HIV/AIDS, because AIDS IS NOT OVER.

Your gift helps support programs like NOT OVER, our summer series of exhibitions and events which explored the rich history of art AIDS activism over the last 25 years. We are also thrilled to introduce you to our new online Artist Registry, which honors the legacy of artists lost to AIDS and makes their work accessible to a new generation, while also providing a vibrant forum for HIV+ artists to share new work with an international audience. Please visit www.visualAIDS.org and take a look.

In Summer 2013, we provided more Materials Grants for essential art supplies to artists living with HIV than in any previous grant round. In Fall/Winter 2013, we are embarking on a series of new publications celebrating the work of under-recognized artists, as well as planning our next Day With (Out) Art events for December.

We also invite you to visit our Chelsea office. It would be wonderful to introduce you to some of Visual AIDS' new projects and our commissioned work about HIV/AIDS. Please contact me at (212) 627-9855 or nsantos@visualAIDS.org if you have any questions or to schedule a visit.

Yours truly,

Nelson Santos
Executive Director
